

Recovering your Username and Password

1. Visit your unique STEMscopes 2.0 login URL provided to you by your district's systems administrator.
2. Select the **Forgot your username or password?** link below the username and password fields.

3. Type the email address associated with your account and press **Process Request**.

4. You will receive an email in your inbox with your username and password enclosed. If you do not receive the email, please check your junk mail folder.
